
Project:
**Development of an Evaluation Framework for the
Introduction of Electromobility**

Deliverable 11.2: Conference Contributions

Due date of deliverable: 20.01.2015

Authors

DEFINE Consortium

Conference contributions: past contributions, or papers already accepted at future conferences

Institute for Advanced Studies, Vienna:

S. Schmelzer, M. Miess, *"The Economic Costs of Electric Vehicles"*, European Electric Vehicle Congress (EEVC), 2-5 December 2014, Brussels, Belgium. In: Proceedings EEVC 2014, ISSN - 0774-5036.

M. Miess, S. Schmelzer, *"DEFINE – Development of an Evaluation Framework for the Introduction of Electromobility"*, European Electric Vehicle Congress (EEVC), 2-5 December 2014, Brussels, Belgium. In: Proceedings EEVC 2014, ISSN - 0774-5036.

S. Schmelzer, M. Miess. "Linking Bottom-up Data on Transportation Demand with a CGE Framework". Presentation at DIW Top-Down Bottom-Up Conference, Berlin, November 28th, 2013.

Technical University of Vienna:

G.Totschnig, R. Hirner, M. Litzlbauer, *"Simulation und Bewertung verschiedener Optionen der flexiblen Stromnachfrage zur Integration eines hohen Erneuerbarenanteils in das Energiesystem 2050"*, IEWT 2015, 9. Internationale Energiewirtschaftstagung, Vienna, 11.-13. February 2015

R.K. Rezania, G. Lettner, W. Prügler: *"PV-based charging strategies of electric vehicles in Austrian low voltage grids"*; Presentation at 12th European IAAE conference, Venice, Italy; 09.09.2012 - 12.09.2012; in: "Proceedings, Energy challenge and environmental sustainability".

Papers were furthermore submitted to the following conferences (notification of acceptance/rejection not yet received):

Deutsches Institut für Wirtschaftsforschung - Berlin:

Bahamonde-Birke, F.J., *"Does the transport behavior influence the preferences for electromobility?"*, 14th International Conference on Travel Behaviour Research of the IATBR, London, UK, 19.-23. July 2015.

Bahamonde-Birke, F.J. and Hanappi, T., *"The potential of electromobility in the Austrian market"*, Annual Conference of the International Transportation Economics Association (ITEA) 2015, Oslo, Norway, 17.-19. June 2015.

Center for Social and Economic Research (CASE)

Ščasný, M., Zvěřinová, I, Czajkowski, M. (2015), Willingness to pay for the alternative fuel vehicles in Poland. Submitted to EMEE 2015 – 8th International Workshop on Empirical Methods in Energy Economics, University of Maryland, AREC, College Park, July 9-10, 2015.

Ščasný, M., Zvěřinová, I, Czajkowski, M. (2015), Individual preference for the alternative fuel vehicles and their attributes in Poland. Submitted to EcoMod2015, Boston College, July 15-17, 2015.
